3. 1-Year Full-Time MBA vs 2-Year PGP: Pros and Cons

Strategic comparison to determine whether non-CAT 1-year programs match your career stage.

- Opportunity Cost: A 1-year MBA saves 1 full year of lost earnings (Rs 15L - 30L saved in foregone salary).
- Peer Group Maturity: 1-year cohorts average 28-32 years of age with 6-8 years of experience, enabling executive-level discussions.
- Lateral Placements: Recruiters hire 1-year graduates directly into Senior Manager, Director, Vice President, and Principal Consultant roles.
- Consideration: 1-year programs move at breakneck speed with no summer internship. Career pivot requires strong transferable skills.
